

***Must have for existing  
or upcoming EMR &  
EHR systems!***

# Technology<sup>SM</sup> Report Card

***Independent assessment that will save you  
thousands of dollars!***

We review, document, report and grade the following systems at your office:

- Computer and network infrastructure capability
- Data Server & Storage capacity readiness
- Data Backup strengths and weaknesses
- Data Security status and potential areas of concern
- Quick and confidential review performed onsite
- Report delivered in paper and electronic form

*Check our web site for more details*

# \$379

Price includes turn-key report delivered same day as review, valid for one office location only. The review normally takes approximately 2-4 hours, depending on the size of your office network.
